### Up and Coming and JQ...

- **Art Cards** are coming back this year! The grade 7's are once again offering this fun and creative fundraiser. Here is the information:

## Fundraiser Taking place this Fall

Our school is participating in Art Cards by Kids fundraiser this fall. Each student will be creating a work of art in the classroom with their teacher.

You will have the opportunity to purchase [your child's greeting cards](#) with their artwork on the front and their name and age on the back. New products are being offered in addition to cards - check out [www.artcardsbykids.com](http://www.artcardsbykids.com) for more details.

In October your child will bring home their sample card with instructions on how to order. Remember... grandparents and other family and friends love to have the opportunity to join in, so spread the art!

**Let's make this a successful fundraiser for our school!**

- **Mad Science** is beginning October 27 after school on Fridays from 3:15 - 4:15 for six weeks of exciting hands-on activities, watch fascinating demonstrations, join in enquiry-based discussions, participate in individual and group experiments, and make amazing take-homes. Mad Science will spark the curiosity and imagination of children with fun science activities that will help them understand the world around them. see our website for more information and registration: <https://jqpac.com/programs/extra-curricular/>

- **Rock Band** is beginning on Tuesday, October 16th at 3:15pm. The very talented Scotty McLeod singer/songwriter is leading the group. This is an exciting opportunity to put those music lessons to work! This group is low key. They pick their own music and work through it at a pace that suits the group. No stress!! Just fun! Not many people get to say they belong to a rock band! We need 5 kids for the programme to run. Check out our website for more information: <https://jqpac.com/programs/extra-curricular/>

- **Technology:** We are happy to let you know that the remainder of our fundraising dollars are being put to work purchasing 12 refurbished touch screen laptops, and 1 projector. Thank you for revolutionizing technology at JQ! We have created an all new, highly functional, computer room and swing space. The lap tops are so much smaller and portable, that the room has been able to be used for other activities as well! Hip hip hooray!!
