Direct Donation

We have extended our direct donation deadline until next Friday, December 8th.

At this time we have less than 50% participation. We would like to be at 100% participation. 100% participation means that you donate some money for each child that you have at the school. That money can be any amount that fits with your family. We are recommending \$100 per child based on our lofty goals of enriched experience in nearly every facet of life at school that we can. This includes: Cultural presentations, class room supplies and activities, technology equipment and programming, library books, sports equipment for lunchtime and extracurricular enjoyment, outdoor greening, community building events like family skating, subsidies so all children can participate in school events, and so on.

All donations are anonymous (only our treasurer knows) and all donations over \$25 are tax deductible.

We value your time, energy and money. Direct donation is an effort to

take the least amount of your time and energy and make the most of each dollar you donate.

We have even tried to not hassle you with graphs and asks, but we are down to our very last week and would really like to go ahead with our budget as presented in June. Please do your best to participate with any amount that your family is able to. Thank you very much for your Support!
